Submitted To :

Mrs. Vaishnavi Shenoy
Asst. Professor
Department of MCA

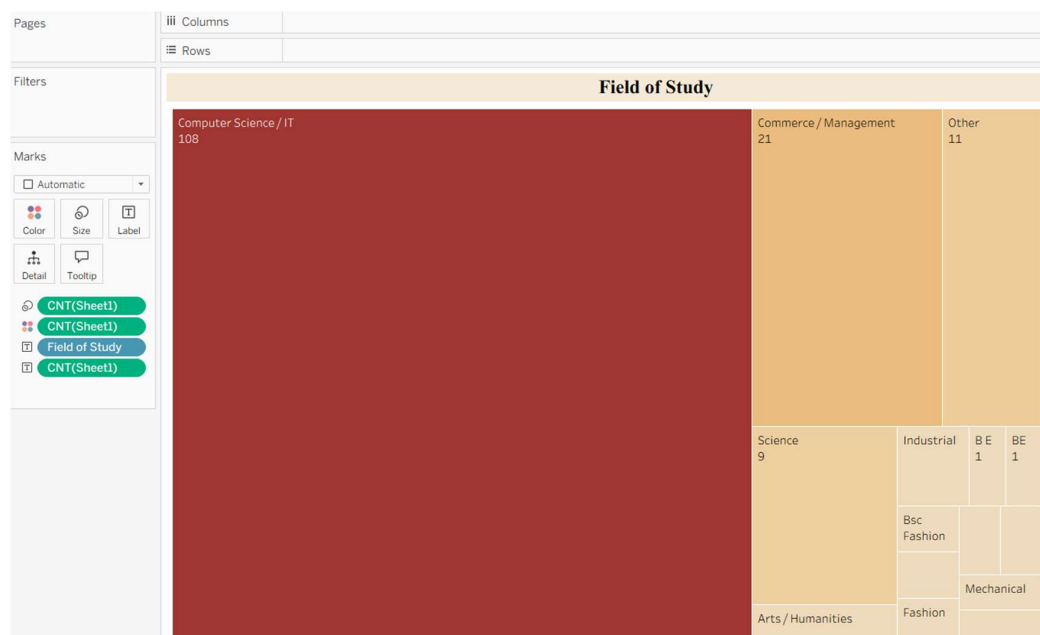

1. What is Your age Group?

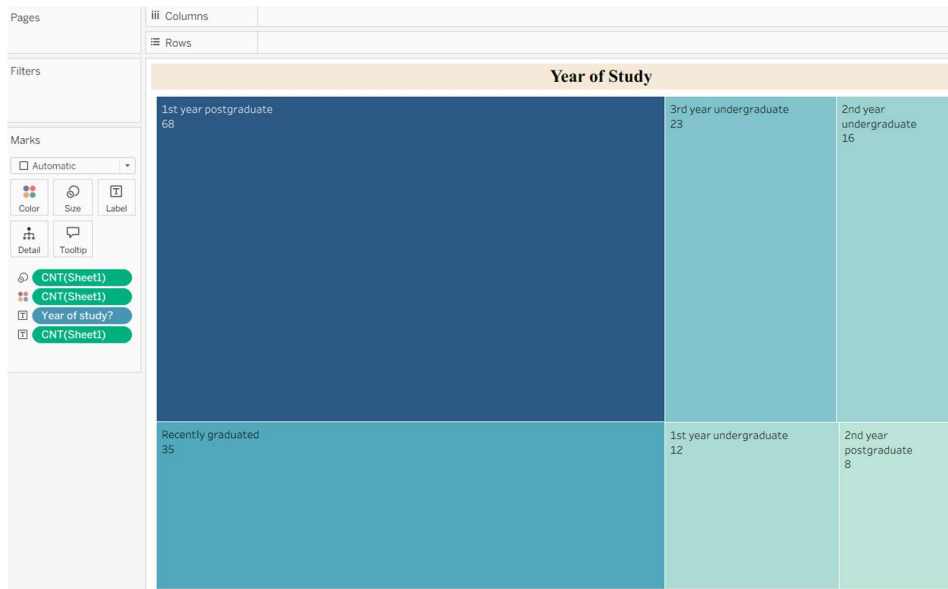

2. Gender

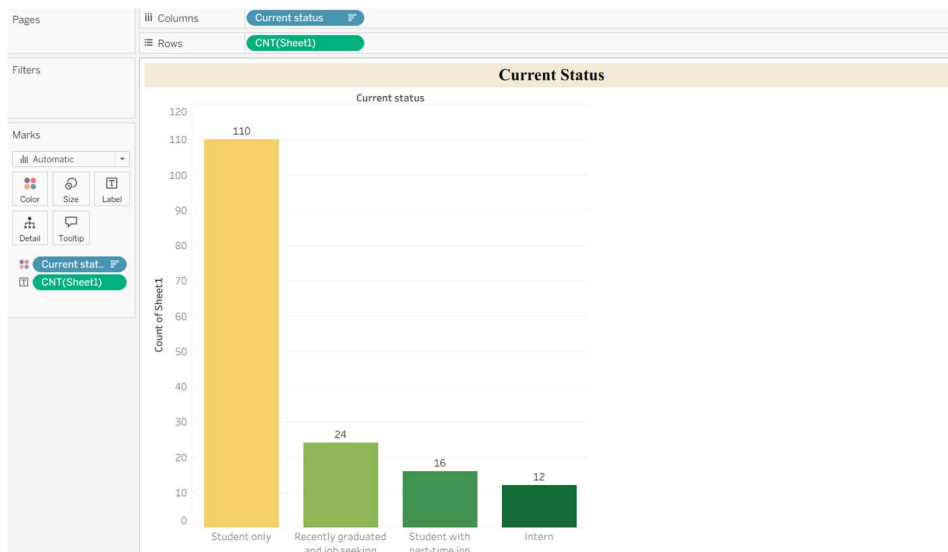

3. What is your field of study?

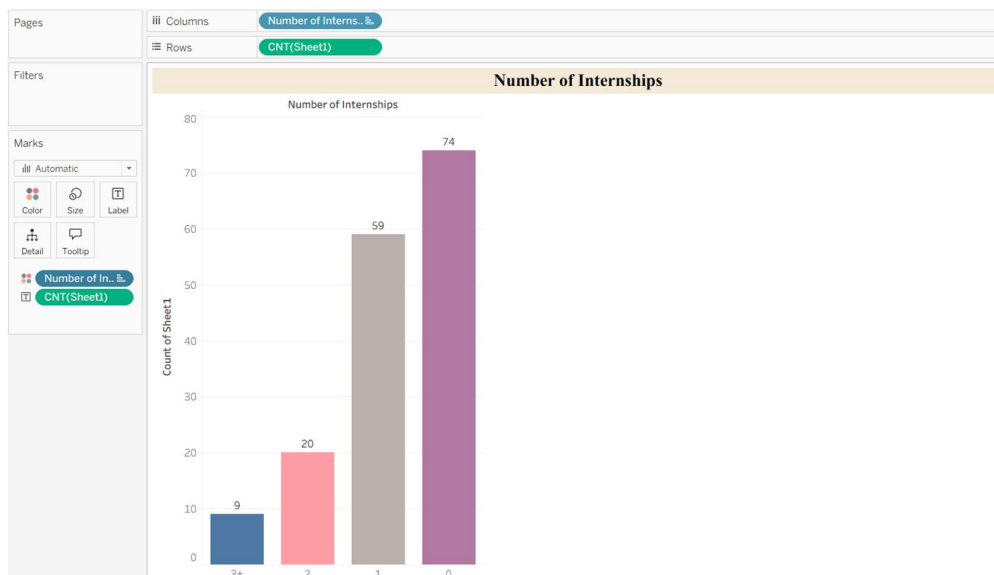

4. Year of study?

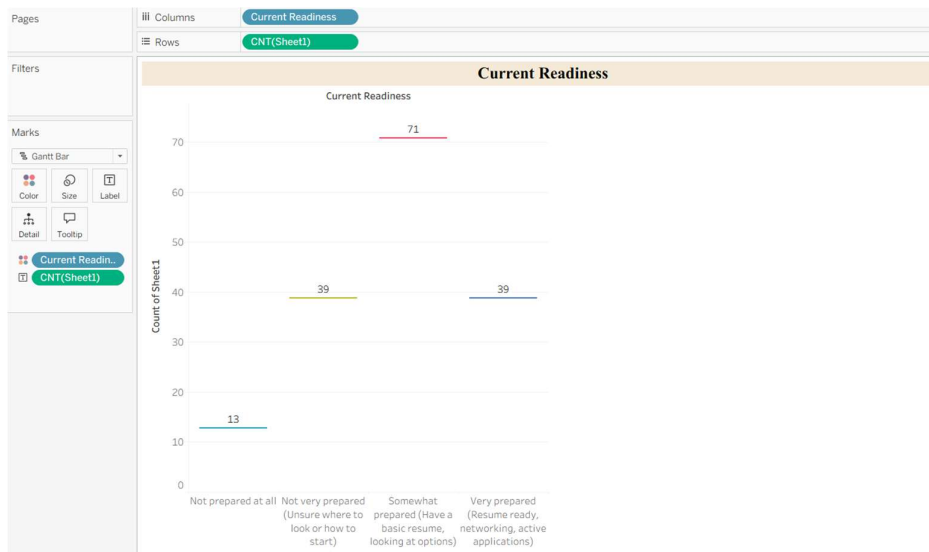

5. Current Status?

6. Number of internships completed?

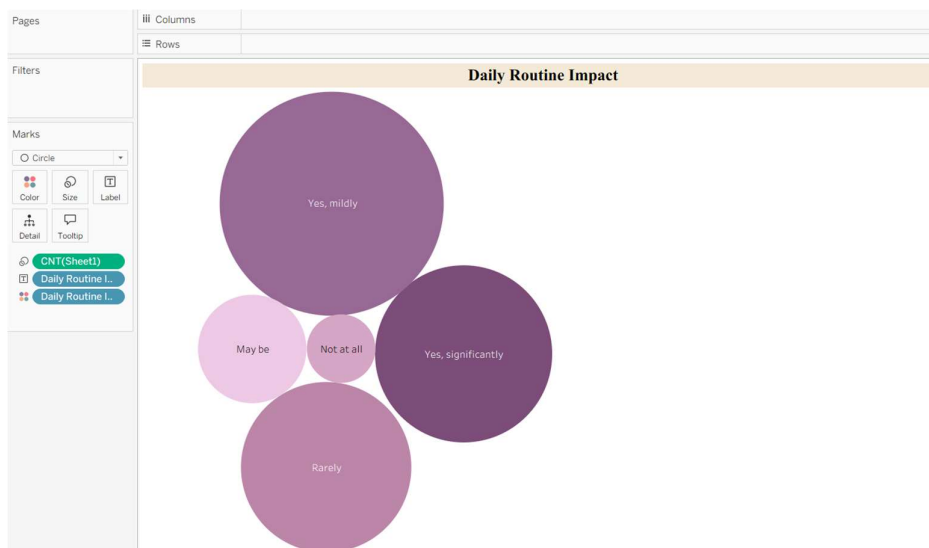

7. How would you describe your current readiness for the job market?

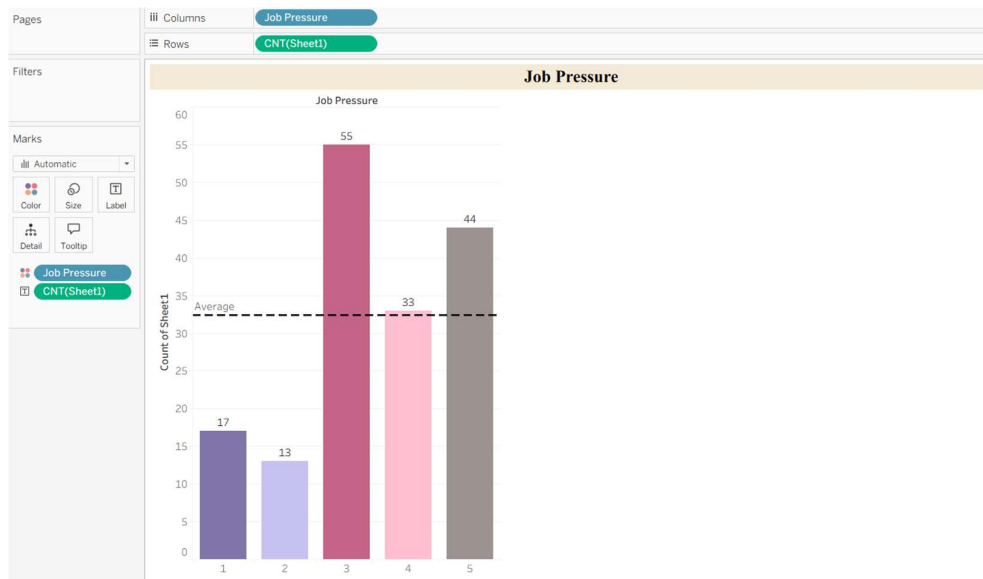

8. Over the past month, how often have you felt anxious or worried about your future employment prospects?

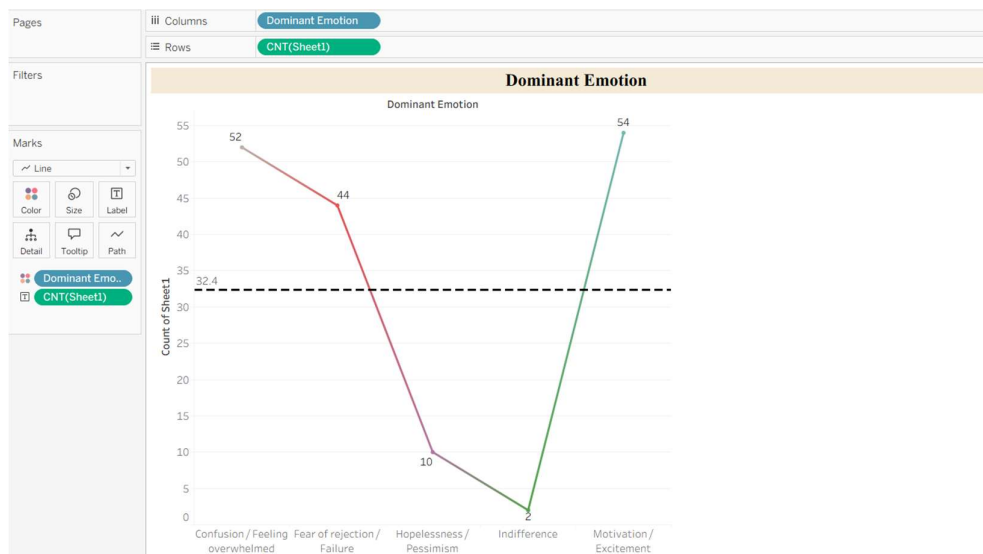

9. Does thinking about post-graduation employment interfere with your daily routine (e.g., sleep, appetite, focus on current studies)?

10. On a scale of 1 to 5, how much pressure do you feel to secure a job immediately after graduation?

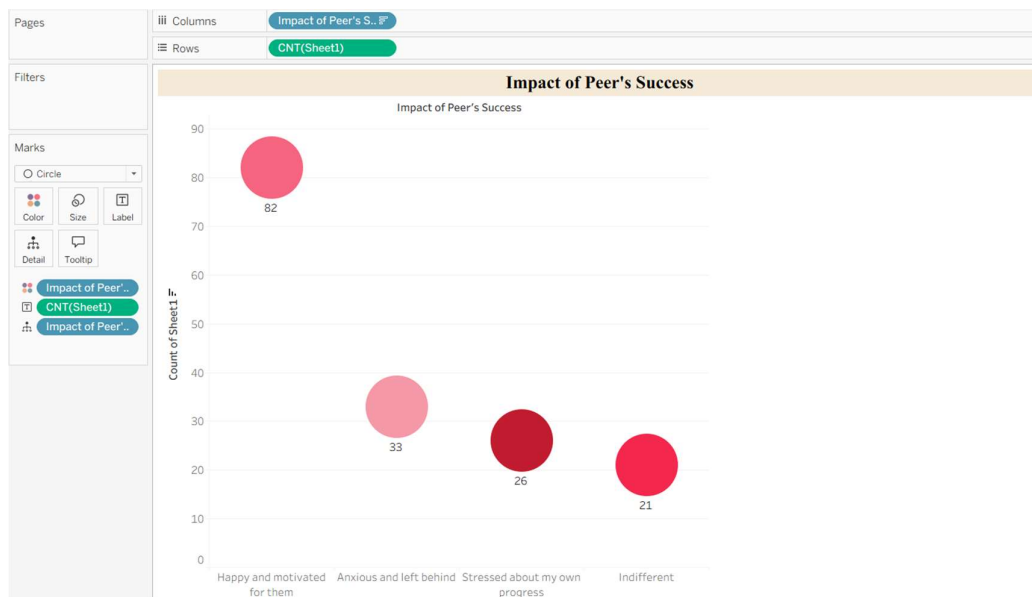

11. When you think about the job search process, which emotion is most dominant?

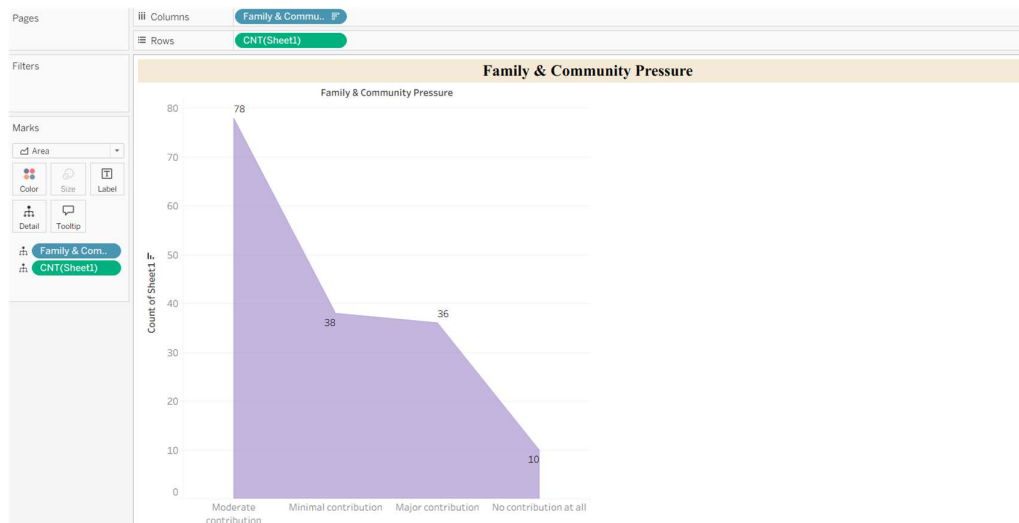

12. What do you perceive as the biggest barrier to finding a job in your field?

13. Seeing peers or classmates secure jobs or internships makes me feel...!

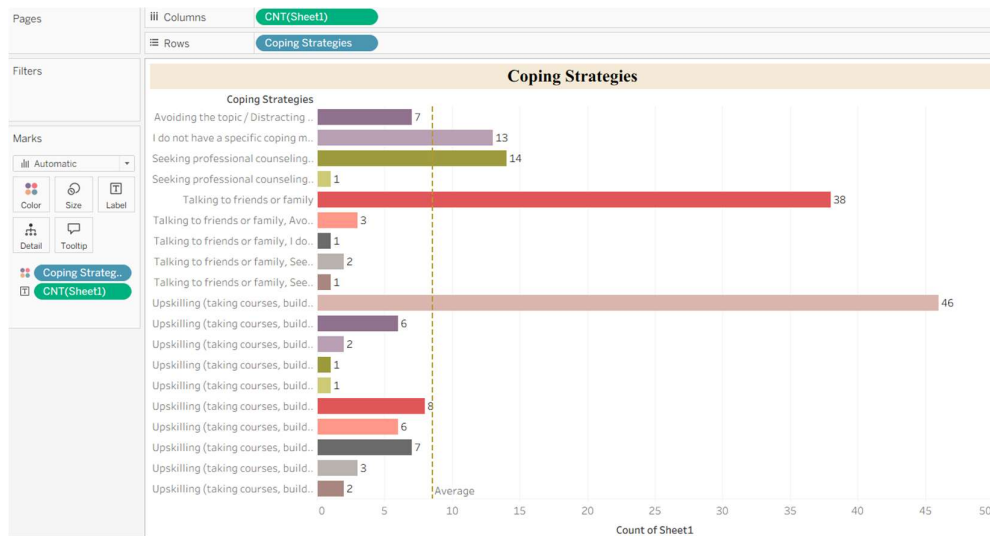

14. How much does pressure from your family or community contribute to your employment anxiety?

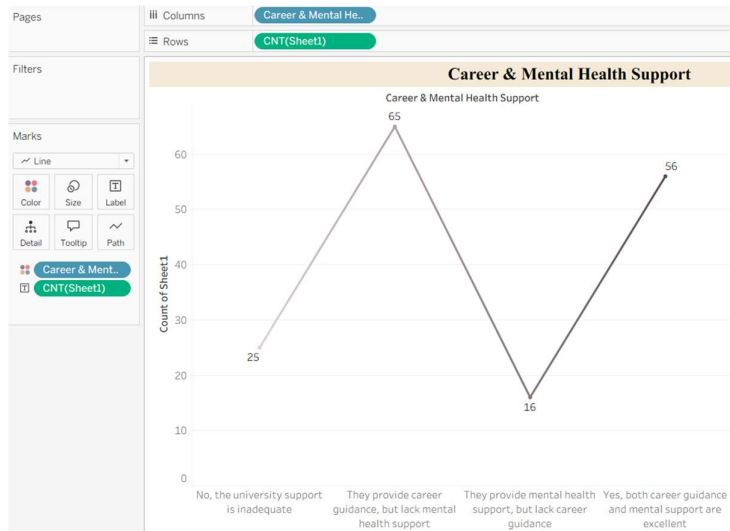

15. Do you ever feel that your chosen field of study might not yield sustainable job opportunities?

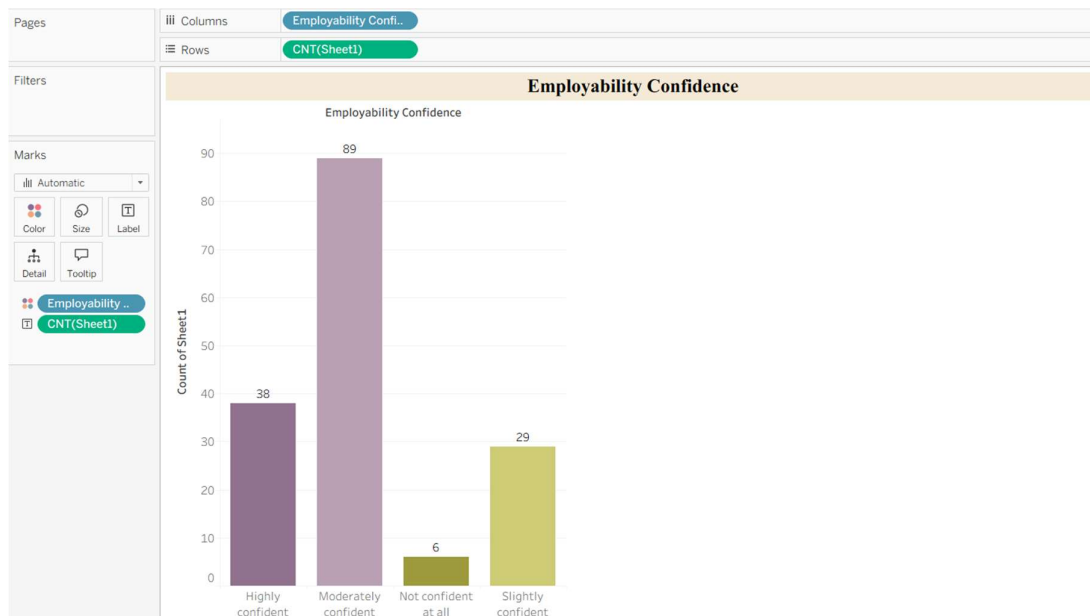

16. How do you primarily cope with your employment anxiety?

17. Has your university provided adequate career guidance and mental health support to address this anxiety?

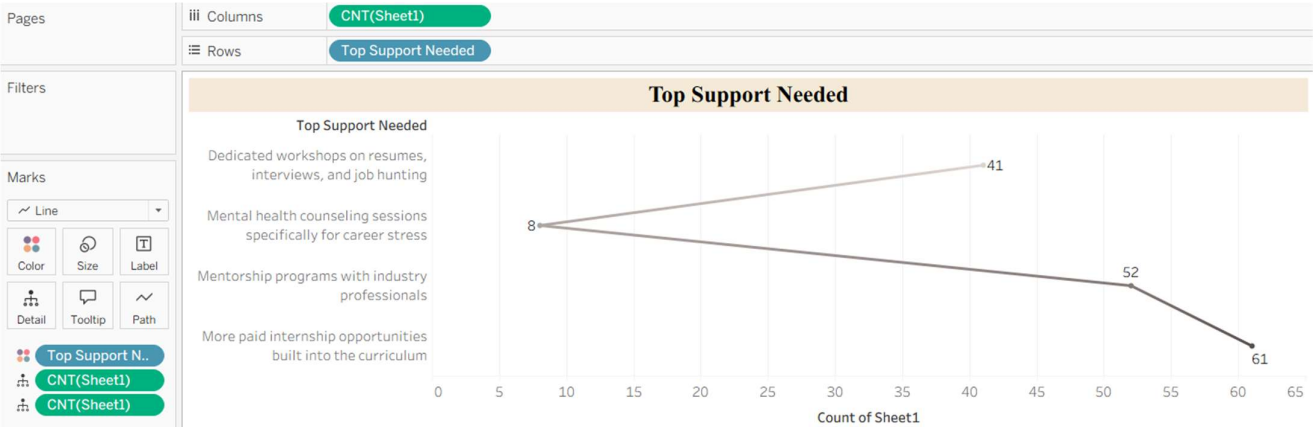

18. How confident are you that your current academic qualifications make you employable?

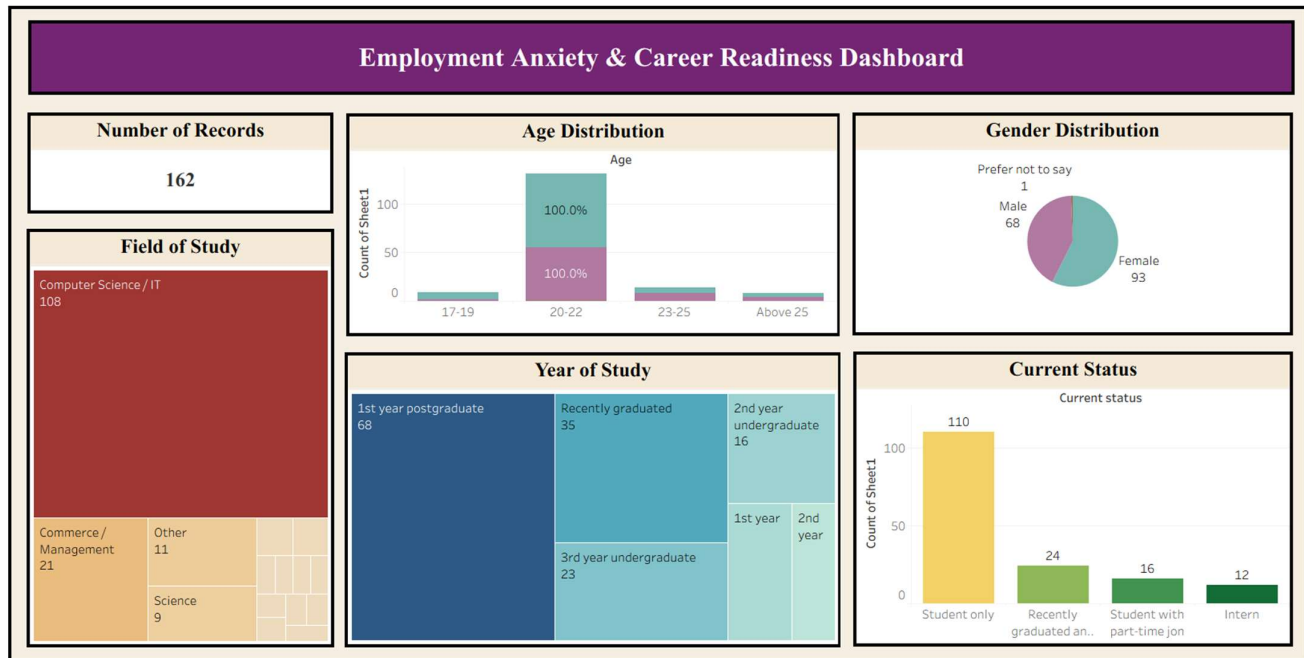

19. If you do not secure a job immediately after graduation, what is your backup plan?

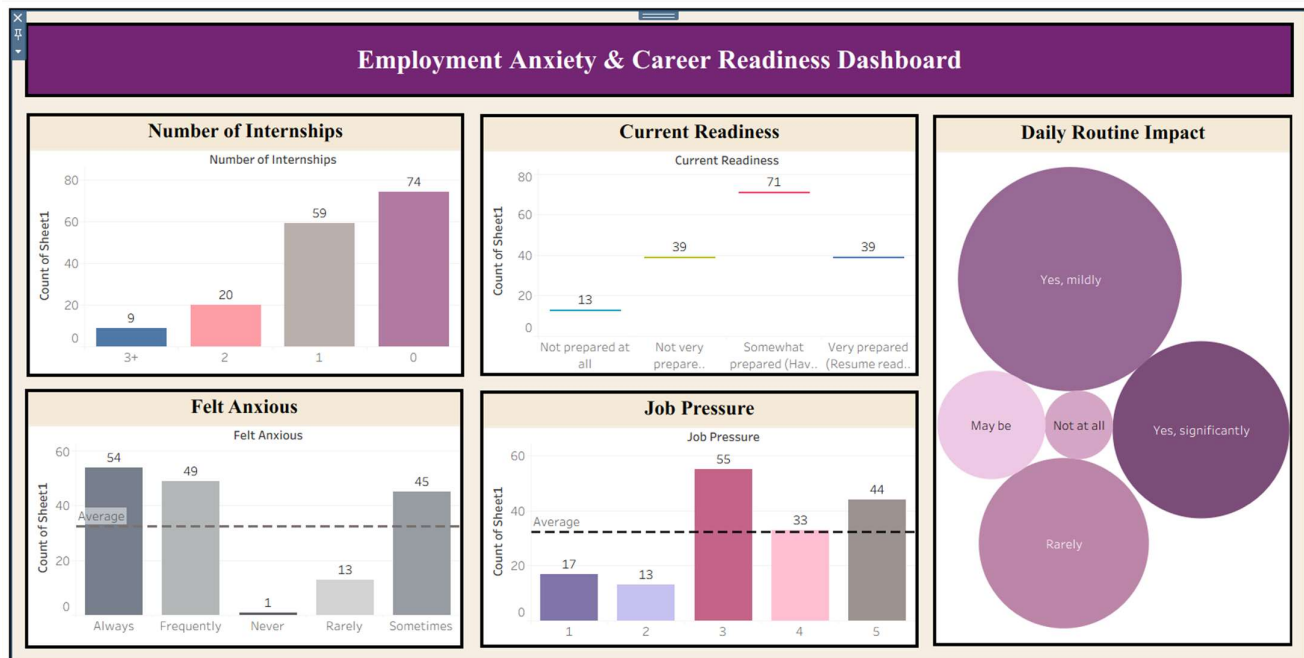

20. What type of support do you think would help reduce your unemployment anxiety the most?
